STATEMENT OF SUBSTANCE OF INTERVIEW

Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

Sir:

On April 25, 2007, Applicants received a second Notice of Non-Compliant Appeal Brief. Therein, the Examiner asserted that although the appealed claims were fully supported by the originally filed specification, Applicants were prohibited from referring to particular parts of the originally filed specification in the Summary of Claimed Subject Matter in an Appeal Brief.

In order to understand the Examiner's position, a Telephonic Interview was conducted by the undersigned's associate (Eric Robins, Reg. No. 45,047) on May 1, 2007. Therein, the Examiner informed the Mr. Robins that despite the fact that the claims are fully supported by the originally filed specification, because such support is not contained *only* in the part of the originally filed specification between the title and the first claim (erroneously referred to by the Examiner as the "written description"), Applicants' cannot refer to portions of the specification outside the portion between the title and first claim in the Summary of Claimed Subject Matter section in the Appeal Brief.

During the interview, Mr. Robins expressly disagreed, and directed the Examiner's attention to, *inter alia*, 35 USC § 112, where the specification is defined as *including* not only the alleged written description, but also the drawings *and claims* (35 USC § 112, second paragraph, "The specification *shall conclude with one or more claims* ..."). Thus, Applicants' representative explained to the Examiner that his position was contrary to law, as the relevant statutes, CFR and

MPEP require that written description for claims be found in the originally filed specification, and as the originally filed specification includes the claims, the Applicants' representative explained to the Examiner that his position was unsupported by controlling authority.

Applicants disagree with the Interview Summary Record provided by the Examiner.

Respectfully submitted,
